2017 Livestock Exhibitor’s Handbook

July 24 – 30, 2017

This Year’s Exhibitor Handbook is dedicated to our friend Jared Woolley. He will be missed...

1937-2017
FORESTVILLE — Jared A. Woolley, 79, of Farrington Road, Forestville, died Saturday, January 28th, 2017, at Brooks Memorial Hospital, Dunkirk. He was born in Utica, NY on March 26, 1937, the son of the late Robert M. and Alfreda (Black) Woolley. He was a graduate of Forestville Central School, Class of 1955, attended Cornell University for one year and graduated from Alfred State College in 1958, with an associate’s degree in Animal Husbandry.

Mr. Woolley owned and operated Mapl-Camp Dairy & Sheep Farm in Arkwright, worked as a bus driver for Forestville Central School, for 29 years, worked as an insurance agent for Chautauqua Patrons, a substitute custodian for Forestville Central School and as secretary for the Chautauqua County Fair, Dunkirk.

He was the oldest and longest active member of the Forestville Fire Department (59 years), where he served in many offices and was a founding member of the Forestville Emergency Squad. Mr. Woolley was a member of the Forestville United Methodist Church, the former Dairylea Cooperative, an over 50- year member of Hanover Masonic Lodge #152 F&AM, Forestville, where he was past master in 1964, member of the former Chautauqua IOOF Lodge, Order of Eastern Star, Forestville Chapter #247, where he served as patron in 1965, an over 60-year member of Subordinate Grange, starting with the former Arkwright Grange #1249 and currently with the Villenova Grange #604, South Dayton, 50-year member of Chautauqua County Pomona Grange #3, member of New York State Grange, serving on the Agriculture Committee, 50-year member of the Chautauqua County 4H and most recently serving on the Sheep Committee, member of the Chautauqua County Fair Board, joining in 1972, served as Arkwright town supervisor, was involved with the Erie County Fair Sheep Department, member of the Chautauqua County Antique Equipment Association, member of the Alfred State College Alumni Choir, bowled at the former Forest Lanes, Forestville when it first opened in 1960 and continued for many years, founding member of the original Forestville Band Boosters and regularly attended the Empire Livestock Auction in Cherry Creek.

Survivors include his wife of 57 years, Martha L. (Radley) Woolley, whom he married September 12, 1959, in Central Park Baptist Church, Buffalo; a daughter, June (James) Prince, of Forestville; two sons, James (Ellen) Woolley, of Belfast and Mark (Ann) Woolley, of Forestville. Also surviving are six grandchildren, Jared (Valerie Buchnowski) Prince, Joshua (Tracy Knapp) Prince, Jessica (Alex) Murns, Robert Woolley, Michael Woolley and Lynanne Woolley; and four great-grandchildren.

Dear Livestock Exhibitor:

Please take a few moments and review this important information as it will help you to thoroughly enjoy your fair experience as you exhibit your livestock!

**New in 2017**

- Beef Registration Papers must be submitted when making your Open Livestock Entry.
- Poultry testing will take place on July 12, 2017 Time: 5-7pm in the Poultry Barn
- Livestock Exhibitor photo id fee is $4.00
- All Livestock Exhibitors must be 5 years of age when entering
- Please add your email address on the Livestock entry form
- Please use a separate check for camping and presale herdsmen dinner tickets if mailed with your livestock entry forms.

**Herdsmen Presale Tickets are available for purchase at a cost of $6.00 per ticket. Please use the enclosed tear sheet in this publication and a separate check.**

Once again, we will be charging the exhibitor’s fee in addition to the class entry fee for the housing of livestock at the Chautauqua County Fair. This fee will be used to help defray the cost of sawdust, water, electricity, judge’s fees, waste removal and awards. This fee will be assessed for all Open Class livestock only. The exhibitor fee for each department is listed on the entry form. The maximum exhibitor fee is $25.00 regardless of how many animals an exhibitor may bring. This maximum fee is a one-time fee for all departments.

Each exhibitor will be assigned a show number with the exception of Poultry Department Exhibitors. This number will be used for all open competitive events during the week of fair. Your show number back tag will be available from your open barn superintendent in the first barn you will exhibit livestock from during the week. Please do not discard this back tag, you will use it for all your livestock shows. All entries are non-refundable.

Sawdust will be supplied by the Chautauqua County fair for 2017.

**Entry Information**

The entry deadline for livestock entries is Saturday, July 1, 2017. Late entries will be accepted until Monday July 10, 2017. There will be a $15.00 fee Per Animal assessed in addition to the regular entry and exhibitor’s fees for all late entries. Absolutely no late entries will be accepted after Monday, July 10, 2017. Postmarks will NOT be accepted for late entries. On time entries may be mailed or made at the fairground office during regular business hours. The hours for Livestock Entry Clerk are as follows:
Saturday, June 24, 10am – 2pm  
Saturday, July 1, 10am -3pm {On time entry deadline}  
Monday, July 10, 10am-3pm {Late Entry deadline}

**Photo I.D.**

All exhibitors are required to have a photo id for daily admission onto the fairgrounds to care for and exhibit their livestock. The cost is $4.00 per exhibitor to be paid when photo is taken at the museum on the fairgrounds. All 4-H exhibitors will receive their admission wristbands and parking pass through their 4-H County Program. The Open Exhibitor photos will be available during the following times:

Saturday, July 15, 10am-2pm  
Thursday, July 20, 5pm-7pm  
Saturday, July 22, 10am-2pm  
Sunday, July 23, 10am-2pm  

**Little Creek Photography** will be the Chautauqua County Fair official photographer this year. If you would like to have specific photographs taken at the fair contact Abbie Grzegorzewski, her home base will be in the Open Beef barn or contact her at 716-338-2894.

We would like to express our sincere thank you to all those who completed a survey after the 2016 fair. Your input was appreciated and helpful! Your survey for 2017 will be included with your premium check and your barn superintendents will have additional copies if needed. Please remember to cash your premium checks by the date indicated on your check.

Contribute to the Chautauqua County Fair Endowment Fund

The Chautauqua County Fair Endowment Fund provides for lifelong and perpetual giving to the Fair to support its charitable purpose of agricultural awareness and education. The endowment is administered by the Northern Chautauqua Community Foundation to preserve all contributions with only a portion of the earnings on the invested funds being returned to the Fair each year for improvements at the fairground facilities. Returns on invested funds are not used for general operating expenses, but held for capital projects that have long-term benefit to the Fair. The Community Foundation can accept, on behalf of the Fair, many forms of capital contribution from cash to life insurance proceeds to other types of investments. If you would like to contribute to the Fair’s endowment fund, please complete and return the following form:

NATIONAL CODE OF SHOW RING ETHICS IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS)

Exhibitors of animals at livestock shows shall at all times conduct themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the “IAFE National Code of Show Ring Ethics,” fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event, which culminates with the animal entering the food chain, shall not be administered drugs other than in accordance with applicable federal, state and provincial statues, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal’s performance or appearance at the event. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested (by the approved laboratory to which it is sent) is the one taken from the animal in question. Its integrity is preserved and all procedures of said collection and preservation transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the
owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal’s performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance, of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

ALL LIVESTOCK EXHIBITORS AT THE CHAUTAUQUA COUNTY FAIR MUST ABIDE BY THE IAFE CODE OF ETHICS AND INDICATE SAME BY THEIR SIGNATURE ON THE ENTRY FORM.
ANIMAL HEALTH REQUIREMENTS

Animal Health Requirements For Admission to New York State and County Fairs (Part 351 of NYS Agriculture and Markets Regulations) NYS Department of Agriculture and Markets/Division of Animal Industry 10B Airline Drive, Albany, NY 12235 518-457-3502

General Prohibitions and Requirements

General Prohibitions and Requirements

No person shall bring or have present an animal on the fairgrounds during a fair which is not qualified under NYS regulations. No person shall present an interstate or intrastate certificate of veterinary inspection that has been altered by anyone other than the issuing veterinarian. Animals demonstrating clinical signs or other evidence of infectious, contagious or communicable diseases shall not be allowed on the fairgrounds during a fair. Representatives of the Commissioner may deny admission to or require removal from the fair premises, or require the segregation of any animal showing signs of or exposed to any infectious, contagious or communicable disease. NOTE: The fair board of directors has the authority to reject unworthy or unsightly exhibits for reasons other than infectious, contagious or communicable disease (Part 350.10). The state veterinarian or animal health inspector will bring questionable exhibits to the attention of the fair board. All animals presented that originate from a location other than New York shall meet all New York State importation regulations appropriate to the species in addition to the fair animal health requirements.

Certificates of Veterinary Inspection (CVI)

Cattle, sheep, goats, swine, llamas, alpacas, deer, and misc. ruminants, require a valid CVI to enter the fairgrounds. The CVI must be issued by a Category 2 accredited veterinarian.

All animals must be officially identified. ALL MANMADE ID MUST BE RECORDED. Refer to Animal Identification section below for more information. Only one species is allowed per certificate. The type and duration of certificate required depends on the origin of the livestock.

New York Origin Livestock: A valid intrastate CVI (AI-61) is required. Each animal must be individually identified on the CVI (see below). The CVI must be issued on or after May 1 of the current year.

Out of State Origin Livestock: All animals entering New York State must satisfy import health and test requirements for that species and be accompanied by a valid interstate CVI. The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season (July 1 through Labor Day) valid CVI’s can be used multiple times for entrance into fairs. The initial entrance into a fair must be within 30 days of the date of CVI inspection. In order for the CVI to be used for a later fair, it must be dated and initialed by a state official noting the location of the initial fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI.
Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division’s import/export homepage:

http://www.agriculture.ny.gov/AI/import_export.html

Animal Identification

ALL MANMADE ID MUST BE RECORDED Cattle, sheep, goats, swine, and deer/elk must be identified by USDA approved official identification. Cattle and deer/elk must be identified by official ear tag. Sheep and goats must be identified by official scrapie identification (see sheep and goat sections below). Swine must be identified by official ear tag. The only exception is nursing piglets. Nursing piglets do not have to be individually identified if the sow is correctly identified on the CVI and the number of piglets in the litter is noted on the CVI. Llamas and alpacas must be identified by official ear tag or microchip. Misc. ruminants must be identified by unique ear tag or microchip. A complete written description is sufficient identification for horses entering New York accompanied by a CVI. The description must match the EIA test record. Horse sketches and descriptions should reference color pattern, hair whorls, chestnuts, scars and other markings as necessary to uniquely identify the horse. Tattoos and microchips if any should be included. “Bay, no markings” is not an acceptable description for a CVI or EIA test record. NOTE: If you are exhibiting animals identified by microchip a working reader must be supplied by the exhibitor. For questions on animal identification please contact your veterinarian or our office at 518-457-3502.

Rabies Vaccination- Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair.

Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian). The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate. NOTE: Individual fairs can require animals for which there is no approved rabies vaccine to be vaccinated for rabies. The requirements outlined above would apply.

The fair is responsible for notifying exhibitors. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.

Acceptable Proof of Rabies Vaccination. Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian. Acceptable proof of rabies vaccination must include the name of the product used, the date of administration and the duration of immunity if longer than one year. If the statement of rabies vaccination is included on an EIA test record, it must be signed separately in addition to the required EIA test record signature. NOTE: Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements. Acceptable proof of vaccination for dogs is a valid vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

BVD-PI Testing All cattle, llamas and alpacas exhibited at NY county fairs or the State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI).
The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, the identification of the animal and recording the test date on the CVI. If a previous test is not verifiable the test must be repeated.

Cleaning and Disinfection All buildings on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between groups of animals when housing is rotated (Section 50.2 of Agriculture and Market regulations).

Animal Deaths - Occasionally animal deaths occur at a fair. If a death occurs it must be reported to the state veterinarian in charge as soon as possible for review. The animal must be promptly removed from the public exhibit area to a secure location and held for the veterinarian prior to disposal.

Calving, Kidding, and Lambing - Due to the concern about the spread of diseases, any cattle, sheep, or goats that are exhibited at a county fair that have recently given birth or have a vaginal discharge, will be ordered removed along with their offspring, unless the animals are part of a birthing demonstration.

Commingling of Sheep and Cattle - Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is strongly recommended that cattle be kept separate from sheep.

Commingling of Swine and Poultry - Due to the potential spread of influenza viruses it is recommended that swine and poultry be housed in separate locations.

Isolation on Returning Home - The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals the owner should contact their veterinarian immediately.

Individual Species Requirements

Horses - Certificate of Veterinary Inspection (CVI) is not required for New York origin horses. CVI is required for imported horses. Negative Equine Infectious Anemia (EIA) test is required for all horses 6 months of age or older. The horse must be accompanied by a valid negative EIA test record. The test must have been conducted during the current or previous calendar years for New York origin horses. For imported horses, the test must be conducted within 12 months of entry. The EIA test certificate must include a complete description of the horse. Rabies vaccination is required for all horses 4 months of age or older (see above). A valid GoPass equine passport can be used as an entry document. If interested in the GoPass contact your veterinarian. More information is available at GlobalVetLink: http://www.globalvetlink.com/

Cattle - Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above). Rabies vaccination is required for all cattle 4 months of age or older (see above). All cattle must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The date and results of the testing must be noted on the certificate of veterinary inspection. All cattle must be vaccinated against bovine respiratory disease complex including bovine respiratory syncytial virus, bovine virus diarrhea, infectious bovine rhinotracheitis and parainfluenza with a product administered in a manner and time frame adequate to confer protective immunity for these diseases for the duration of the fair.
Sheep - Certificate of Veterinary Inspection with animals individually identified with USDA approved individual scrapie program identification. Identification must be one of the following: 1) USDA approved tags or 2) a legible USDA approved flock tattoo and individual animal ID number or 3) electronic ID if the sheep is enrolled in the Scrapie Flock Certification Program. For information on scrapie ID, contact USDA at 518-858-1424. Rabies vaccination is required for all sheep 4 months of age or older (see above). The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the flock of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found. If evidence of soremouth (contagious ecthyma) is found on any sheep, the entire exhibit including the affected animals shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

Goats - Certificate of Veterinary Inspection with animals individually identified with USDA approved individual scrapie program identification. Identification must be one of the following: 1) USDA approved tags or 2) a legible registration tattoo or 3) a legible USDA approved herd tattoo and individual animal ID number or 4) electronic ID if the goat is enrolled in the Scrapie Flock Certification Program and/or the electronic ID is recorded on the goat’s registration paper. For information on scrapie ID, contact USDA at 518-858-1424. The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the herd of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found. If evidence of soremouth (contagious ecthyma) is found on any goat, the entire exhibit including the affected animals shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

Swine - Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above).

Llamas and Alpacas - Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above). All llamas and alpacas must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The date and results of the testing must be noted on the certificate of veterinary inspection.

Poultry - Poultry (with the exception of doves, pigeons and waterfowl) must be accompanied by 1) results of a negative pullorum typhoid test conducted within 90 days prior to exhibition OR 2) proof that the birds originated directly from a US pullorum-typhoid clean flock or equivalent flock. Pullorum qualified by 90 day test must be identified by official leg band. Proof of NPIP status must be in the form of an NPIP certificate or purchase receipt containing NPIP certification information. If utilizing a receipt it must be dated within 1 year of the date of admission to the fair.

Deer/Elk (Cervidae) - Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above). Originate from a herd classified as accredited or qualified under USDA tuberculosis regulations. A movement permit obtained from the Division of Animal Industry is required for all deer movements. All CWD and TB program requirements must be met before a permit will be issued. Questions regarding movement permits should be directed to the Division of Animal Industry at 518-457-3971.
Miscellaneous Ruminants - Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above).

Exhibitor Prefair Guidelines Cattle, Sheep, Goats, Swine, Llamas and Alpacas, Cervids, Misc. Ruminants

Review the animal health requirements booklet including information for your species before your veterinarian arrives to inspect your animals. If you have any questions ask. Your veterinarian is responsible for inspecting your animals and completing the certificate of veterinary inspection (CVI). Call early to avoid the last minute rush when mistakes are made and there is no time to correct. Make sure official ear tags are present on cattle and swine and USDA approved scrapie ID is in place on sheep and goats. Llamas and alpacas require a microchip or ear tag. If a microchip is utilized make sure the veterinarian confirms the microchip ID or places one. ALL IDENTIFICATION MUST BE RECORDED. Make sure it is. Review the CVI carefully upon receipt to make sure all the information is correct including any required test or vaccination information. DO NOT stuff it in an envelope and assume all is well. The time to correct is before pulling them out at the fair. The CVI is your document and you share responsibility if it is incorrect. If you are importing livestock from out of state make sure the interstate requirements are met and you have a valid interstate certificate of veterinary inspection. Poultry Schedule pullorum flock inspection and testing well ahead of the fair if your flock is participating in the NPIP program. If you’re having your birds tested within 90 days of the fair you must go to a pullorum clinic. Available clinics are listed on the Dept. website. No individual testing is available if you miss a clinic. Birds qualified by 90 day test must be identified by official leg band. Bring documentation with you to the fair in the form of a 1) current NPIP certificate, 2) 90 day test chart or 3) purchase receipt with NPIP certification within 1 year of the date of admission to the fair. Decalendar year. Imported horses must be accompanied by an interstate certificate of veterinary inspection with a negative EIA test within 12 months. Rabies vaccination information can be incorporated into the CVI. Drawing or photograph must match the horse. Rabies vaccination must be within 1 year of arrival at the fair and be documented by a signed rabies certificate or a signed statement on the EIA test chart with the required information (see requirements).

MOST IMPORTANT When you are loading your livestock for the trip to the fair take the time to examine them. Makes sure they are the same animals that are on the paperwork and if they are showing any signs of illness LEAVE THEM HOME.

A letter from the upcoming show must be faxed to the fair office prior to receiving permission to leave early. Early removal must only be done after the show is complete. Early removal will result in forfeiture of premiums, unless Superintendent has granted permission to release animals. The decision of the judge shall be final in all cases, except where error, mistake, fraud, misrepresentation, or collusion, not discovered at the time of the award is proven. In such cases, the decision of the Superintendent, or such referee appointed shall be final.
9. No exhibitor shall receive more than two premiums in any one class.
10. Competition is open to residents of Chautauqua and Erie Counties and members of Chautauqua County Fancier Association in good standing.
11. The decision of the judge will be final in all cases, except where fraud, mistake, misrepresentation or collusion, not discovered at the time of the award is proven. In such cases the decision of the Superintendent or such referee appointed shall be final. The judge will be governed by the latest American Standard of Perfection.
12. All exhibitors of poultry except Waterfowl and pigeons need to provide documentation that birds have originated from the U.S. Pullorum clean flocks have a negative Pullorum-Typhoid test within 90 days prior to fair. A listing for poultry Pullorum clinics will be updated as the information is available at the website of Ag and Markets: www.agriculture.ny.gov. Testing will be available at the fairgrounds on the date specified in the welcome letter.
13. Only the breeds and varieties listed will be accepted. In most cases, there are AOC and AOV listed.
14. All trailers MUST be parked on the track infield during the week of fair and NO trailers can line up for prior to 3PM on the Sunday of release.
